- **Worksheet:** My Family
- **Activity:** My Family – Clay / Plasticine Family Models
- **Quiet time**

### At school

1. Listen attentively to the stories.
2. Chatting with teacher and class about how our families care for us.
3. Thinking about the ways in which our families show their love for us, and how we can show our love for our families.
4. Singing about how my family cares for me.

### At home

- Talk to your child about the ways in which you care for them and how you show them that you love them. Discuss how your child can show his/her love for their family.

### Why?

To explore the children's experience of what it means to be loved so that they may be nurtured in appreciating home as a source of love.

Our families take care of us every day.

They show us how much they love us by helping us to grow.

When it is quiet time we sit quiet and still....
