

After a few weeks of working with the pedagogy it can be very valuable for individual and community development progression to spend time focusing on the skills inherent within Collaborative, Caring, Critical and Creative Thinking.

Below are resources for a carousel activity that can be adapted to suit the context.

COLLABORATIVE THINKING Speaking and Responding - Communicating and Conciliating
Building on each other's ideas
Disagreeing without being disagreeable
Encouraging atmosphere
Most people participating

CARING THINKING

Listening and Valuing - Concentrating and Appreciating

Reflecting on the stimulus

Respecting each speaker

Taking an interest in each other's views

Open to changing view

CREATIVE THINKING

Connecting and Suggesting - Relating and Speculating

Thinking 'what if..?'

Thinking 'so then..?'

Seeing connections

Finding examples

CRITICAL THINKING

Questioning and Reasoning - Interrogating and Evaluating

Finding the big ideas

Picking out the little details

Defining meanings

Drawing distinctions

Finding criteria

Judging reasons

Giving evidence

Questioning assumptions and evidence
